ABOUT US

ASF f.u.n is a family company with the idea of creating unique, interesting and fun children's playgrounds as well as water and family parks, which combine the highest level of safety and quality.

We offer design, build and services of the highest quality water park elements, "Splash effects", waterslides and other play structures..

We strive for daily innovation, exciting and colorful design, as well as quality workmanship, and with that making our offer suitable for kindergartens, schools, municipalities and local communities, family and water parks and the entire public sector.

WATERPARKS

Pioneers in water park interactivity, offering a broad portfolio of unique attractions that satisfy a wide range of theme, space and budget requirements.

Our play structures invite you to create your fun, your way! Tipping buckets, slides, net climbs, water cannons and water all around, our play structures are surely the center of fun. Children will love it for sure but they will not be alone.

Water parks can also be supplemented with smaller “spray-park” elements, which provide an interactive water fun and are becoming an increasing choice of attraction in hotels, community parks, campsites, zoos and of course water and amusement parks.

Units come in all sizes, shapes, colors and themes.

Choose your own - you will be delighted with the results.

WATERSLIDES

No matter if you're searching for a slide as an addition to your existing swimming pool or as a completely new attraction, we now offer you an ideal solution.

WATERSLIDES

From extreme, racing, speed slides to family slides, with rafts, surfs or none ... they can be open or closed, in various diameters and shapes with a small or larger capacity, where a raft can take from 2 to 6 people at once.

Fun, colorful and/or themed ... every single one of them represents an exciting entertainment for the whole family, the highest level of innovation, creativity and fun along with the highest level of security!

Playsets are designed and manufactured with the highest level of quality in mind and in accordance with EN1176, making them suitable for the whole public sector.

BECAUSE YOU WANT TO STAND OUT

Custom-made projects are usually the most fun!
To design a unique play area hand in hand with our clients and create
a spectacular play area is what we strive for.
Share your thoughts, ideas and wishes and we will bring everything together and create
a one-of-a-kind attraction.

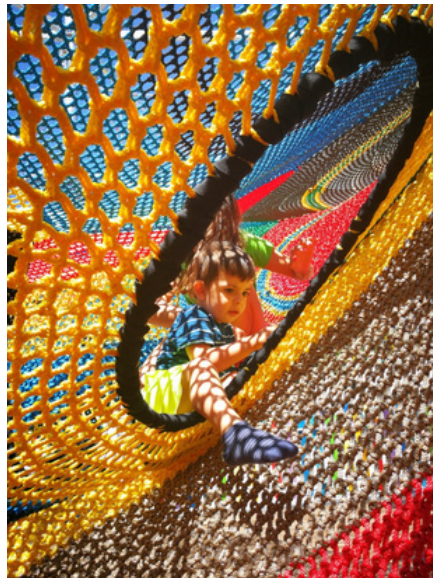

ROPELAND

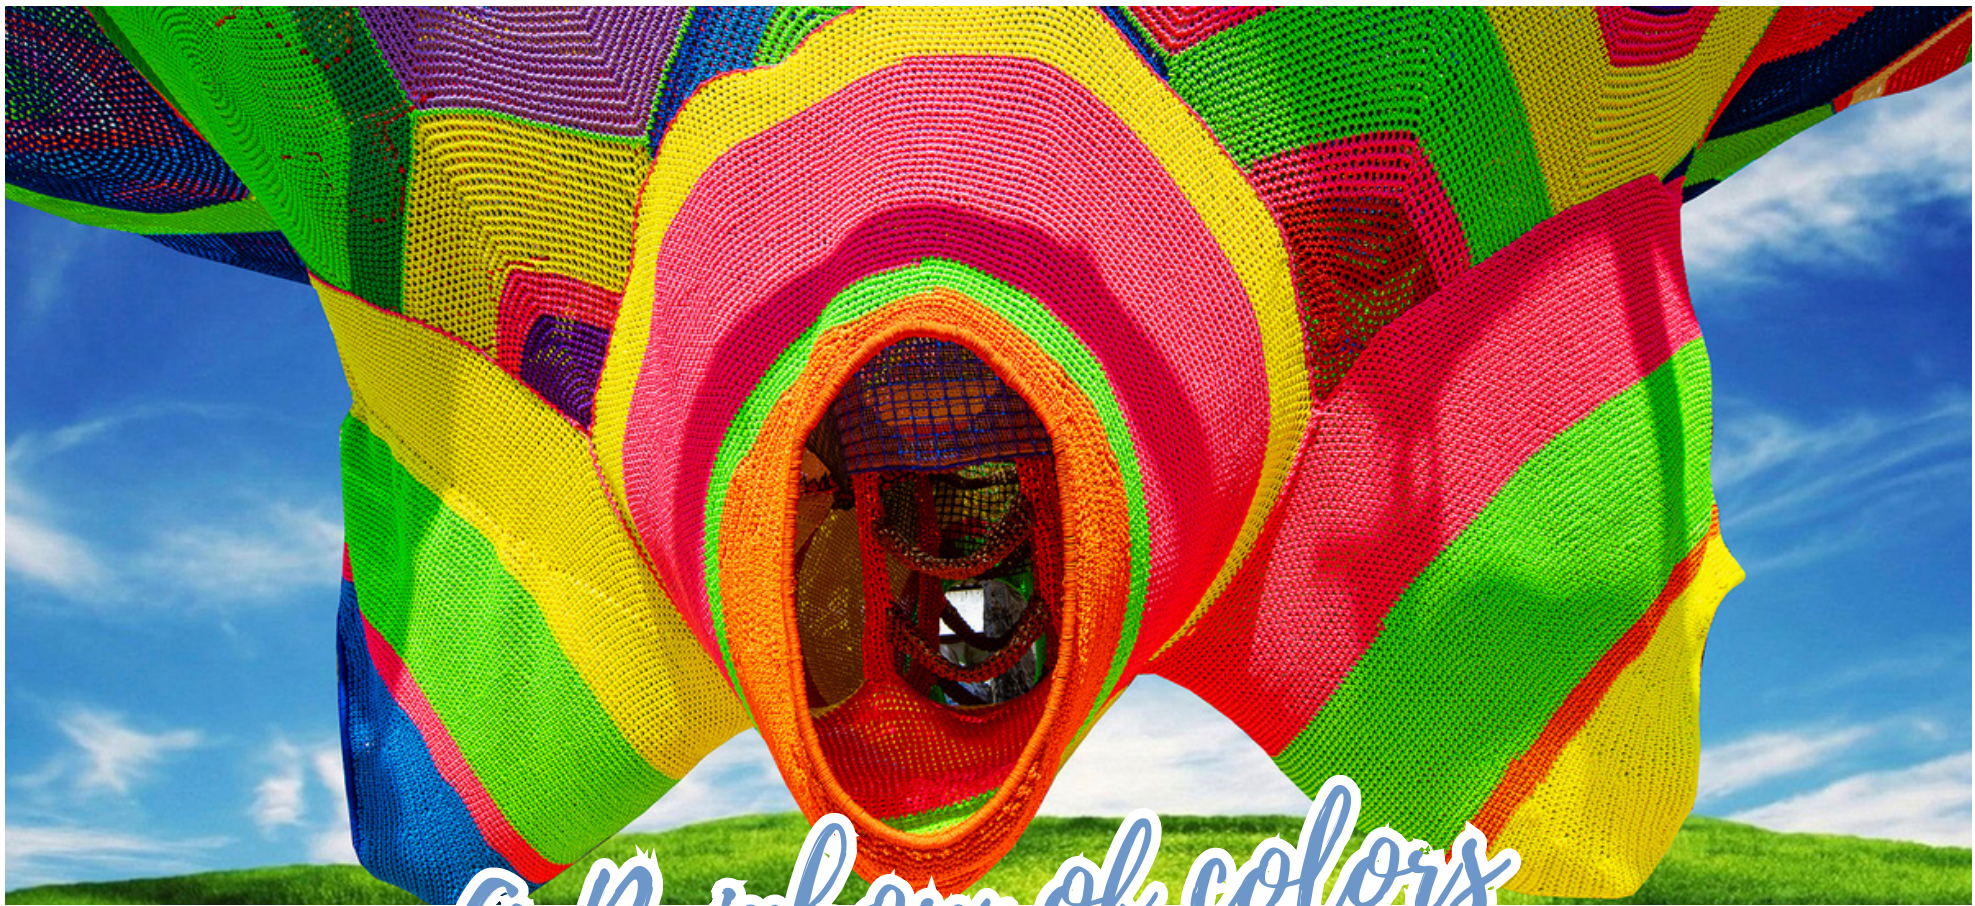

Ropeland are crocheted playgrounds for children as you never seen before.

Designed and created for the development of children's imagination and spatial orientation. They encourage children to cross different levels and obstacles in order to find the right path and at the same time strengthen their ability to balance, jump from level to level, swing on hanging balls, climb or simply roll on the net.

An excellent choice for all public areas, both indoor and outdoor;

- indoor playrooms
- shopping centers
- theme and family parks
- outdoor children's playgrounds
- addition to adrenaline parks
- campsites
- or addition to seaside activities on the beach, swimming pools, lakes etc...
