There are also pools of water and some structures with white canopies. The park is surrounded by trees and some buildings in the background.

**WATERPARKS**

# **WATERPARKS**

Pioneers in water park interactivity, offering a broad portfolio of proven structural configurations and popular rides. Constantly innovating and integrating best-in-class products and creating big and unique attractions that satisfy a wide range of theme, space and budget requirements.

Our play structures invite you to create your fun your way! Tipping buckets, slides, net climbs, water cannons and water all around, our play structures are surely the center of fun. Children will love it for sure but they will not be alone.

Studies show that children learn best when allowed to actively explore in an environment that is fun and appeals to their natural curiosity and desire to learn. Our play structures are there for the kids to serve his purpose as well. We provide an environment where children are free to move, play and explore safely.

Water parks can also be supplemented with smaller "spray-park" elements, which provide an interactive water fun and are becoming an increasing choice of attraction in hotels, community parks, campsites, zoos and of course water and amusement parks. Units come in all sizes, shapes, colors and themes. Choose your own - you will be delighted with the results.

# WATERSLIDES

No matter if you're searching for a slide as an addition to your existing swimming pool or as a completely new attraction, we now offer you an ideal solution.

From extreme, racing, speed slides to family slides, with rafts, surfs or none ... they can be open or closed, in various diameters and shapes with a small or larger capacity, where a raft can take from 2 to 6 people at once.

Fun, colorful and/or themed ... every single one of them represents an exciting entertainment for the whole family, the highest level of innovation, creativity and fun along with the highest level of security!
